Notes

- If you are using the style for Copy Manuscripts, doublespace all lines. If you are using the style for Final Manuscripts, singlespace all lines and skip a line in between each reference. Ask your professor which style to follow.
- Arrange the items on your reference list alphabetically by author, interfilinger books, articles, etc.
- Indent the second and following lines 5 to 7 spaces or one half inch.
- Use only the initials of the authors' first (and middle) names.
- If no author is given, start with the title and then the date.
- Article titles and book titles: capitalize only the first word of the title and subtitle. (Capitalize all significant words of periodical titles.)
- If you are using a typewriter that cannot produce italics, then use underlining instead.
- Magazine articles: include the month (and day) as shown under "Magazine Article from a Database and "Newspapers".
- Websites: if the date the page was created is not given, use (n.d.).
- The rules concerning a title within a title are not displayed here for purposes of clarity. See the printed version of the manual for details.
- Our website also has guide to APA citation style that's tailored for business sources.
- A little bit of additional information is available on the official website, APA Style.org.
